## MY Story

Coastline Calvary Chapel, Gulf Breeze FL

In 1983, John Spencer began New Life Church (Now Coastline Calvary Chapel) in Gulf Breeze. He was faithful with all that God provided and built a church campus and family that is a strong and ready to reach our world. As his son, I have witnessed his faithfulness to God and ministry first-hand. Through his influence and God working to soften my heart, I was placed to serve and learn under some the greatest men in the Calvary Chapel movement as a student, apprentice and a servant ministry leader. I pursued my Masters Degree with Calvary Chapel University, and I am now working to finish my doctorate.

As part of my final thesis, I developed a new plan to revive our mission of "Seeing New Life in Christ along our Coastline." And, I am excited to say that this is no longer simply a model--We've actually put it into practice to launch two successful, autonomous churches along our coastline. I actually had the privilege of establishing and pastoring one of these churches for 7 years. Now, God has me back at Gulf Breeze to serve as Lead Pastor. It wasn't until I surrendered to the Lord's leading, that I understood why this move was necessary. God has given me the heart, mind and strength to see this vision complete.
