## VERSE 1

                  G  
All my words fall short  
                  Em  
I got nothing new  
                  D  
How could I express  
                  C  
All my gratitude?  
                  G  
I could sing these songs  
                  Em  
As I often do  
                  D  
But every song must end  
                  C  
And You never do

## CHORUS

                  G  
So I throw up my hands  
  D  
And praise You again and again  
  C  
'Cause all that I have is a hallelujah  
                  Em          D  
Hallelujah  
                  G  
And I know it's not much  
  D  
But I've nothing else fit for a King  
  C  
Except for a heart singing hallelujah  
                  Em          D          G  
Hallelujah

## VERSE 3

                  G  
I've got one response  
                  Em  
I've got just one move  
                  D  
With my arm stretched wide  
                  C  
I will worship You
